John J. Raskob, Millionaire Associate of Dupont's, Paid No 1930 Income Tax

Commissioner Disney Allows Newspapers To See Return, Stating That the Public Has a Legitimate Right to News.

"WASH" SALES

Intends to Prove Sales Were Entered into For Sole Purpose of Establishing Losses.

New York, May 6 (AP)—John J. Raskob, multimillionaire business associate of Pierre S. duPont and school which must be supported former chairman of the Democratic national committee, paid no income tax in 1930, it was brought out today in the income tax case against the two industrialists.

Mason B. Leming, special counsel for the Internal Revenue Bureau and chief of government counsel in the litigation to collect approximately \$1,000,000 from the two industrialists in alleged deficiency on their 1929 tax, introduced Raskob's return for 1930 into evidence at the hearing before Richard Disney, member of the U. S. board of tax commissioners.

Col. Joseph Hartfield, Raskob's attorney, objected to making public the return and urged Commissioner Disney to impound it in the hands of the clerk.

After a brief hearing in the commissioner's chambers in the old federal building, Disney allowed newspapermen to see the return and said:

"The public has a legitimate right to know. I am not going to bar you from seeing the return."

Raskob listed a total income for 1930 of \$799,181.94 and deductions of \$657,263.54.

He gave his occupation for that year as a vice-president of E. I. duPont de Nemours and listed a salary from this company of \$10,000. He also listed a salary from General Motors—a corporation in which he has been interested for some years with the du Pont family—of \$10,000 and a total of \$4,115.56 in directors fees.

The return was brought into the case—which is now in its fourth day and which promises to go on through most of next week—by Leming in developing the second of a series of transactions between du Pont and Raskob following the Wall Street panic in October, 1929, by which the two financiers in cross-sales established losses of approximately \$7,000,000 which they deducted from their 1929 returns.

"I now hand you an income tax return for 1930 and ask you if the signature thereon is that of John J. Raskob," Leming said.

"It is," Garey replied.

Garey was excused, with Leming reserving the right to call him again to the stand. During the short recess following, newspapermen asked to see the return, which was in evidence and a document of public record. Colonel Hartfield approached the clerk and said he did not think the return should be made public until after Commissioner Disney had been given an opportunity to rule on the question.

The commissioner summoned the attorneys into his chambers, heard their statements, called in the newspapermen and made the return public.

Although the 1930 return, when broken down, showed the profits taken by Raskob on the December 26 gross-sale and on the transaction involving the 27,000 shares of Warner Brothers stock, it showed a net loss for the year in stock transactions approximately \$448,900.

In addition to the total of \$24,115.56 on salaries and directors fees, the return showed \$387,709 in interest on bank deposits, \$759,416 dividend on stocks and \$36,709 in interest on bonds.

The loss of \$448,900 was balanced off against these.

In computing his deductions of \$867,263.54, Raskob listed interest paid out at \$956,444 and taxes paid approximately \$271,800. Included in the taxes was an item of \$269,725.64 paid to the state of Delaware.

Leming would not disclose what further purpose he had in mind in introducing the return, if any. Its notation on the profits taken from

Private School In E. Kingston If P.T.A. Hires Two Teachers

In a statement issued this morning, District Superintendent of Schools Clarence Johnson of Saugerties, said that if the people of the East Kingston school district insist upon hiring the ousted teachers despite the action of the trustees, they would be establishing a private school which must be supported wholly by the people and would not receive any state aid.

This move on the part of the residents also would necessitate the finding of a suitable building to house this school as the public school building would not be available for such a purpose.

Superintendent Johnson made it clear that the action of Trustees Michael DeCicco and John Crespino was perfectly legal and must be accepted as final by the people of the district. The trustees at an earlier meeting refused to renew the contracts of Principal James A. Lynch and Miss Mary Quigley, and this action aroused the people to such an extent that, at the school meeting held Tuesday night, they demanded that the trustees reconsider their failure to renew the contracts. Michael DeCicco, acting as spokesman for the board, replied that they had considered the problem and did not care to hire the present teachers for the coming year, and stated that this action was final as far as the board was concerned.

The resignation of the board was asked but again the trustees refused with the result that the taxpayers refused to accept the school budget as submitted by the trustees, and led by Mrs. Charles Sangeline, moved to rehire the present teachers and ignore the action of DeCicco and Crespino.

Clarence Johnson further stated that there were certain fixed charges that must be met by the district regardless of whether or not the people accepted a budget. These charges include teachers' salaries and school expenses. When asked by reporter what would happen if the people refused to meet these charges, Mr. Johnson said that it would then be a matter pertaining to law and the course followed would be in the hands of the law and probably be decided by court action.

Word from the battlefield this morning indicated that no new moves had been made by either the people or the trustees, but the people were expecting that a meeting would be called within 10 days as demanded by them in the meeting Tuesday evening. However, no meeting can officially called except by the school trustees, and Michael DeCicco's final word on that score was that a meeting would be held the first Tuesday in June which would be June 1.

Another School Strike

Jones Point, N. Y., May 6 (AP)—Eleven children—the entire student body at this village on the Hudson River—struck today and picketed the home of the one-man school board in protest against the impending removal of their school teacher. Parents of the children supported the action and provided food for them as they marched in front of the home of William Lent, who is the board of education here. Lent announced that Miss Catherine Tallman of Nyack, would not be re-engaged as the school's only teacher next year, and the strike followed. Miss Tallman has been the village teacher for two years.

5,000 Evacuated from Bilbao

Two Spanish Liners Carry Women and Children to Refuge in France Under British Guns.

Bilbao, Spain, May 6 (AP)—Two Spanish liners loaded with 5,000 women and children bound for refuge in France steamed out of the Basque war zone today under protection of the British navy's bristling guns.

The *Habana* and *Isarra* headed for Bordeaux with the battleship Royal Oak and two British destroyers to convoy them. The insurgent cruiser Almirante Cervera got out of the mist in an effort to overtake the refugee craft, while still in view of shore, but the Royal Oak formed a protective flank. The insurgent warship withdrew

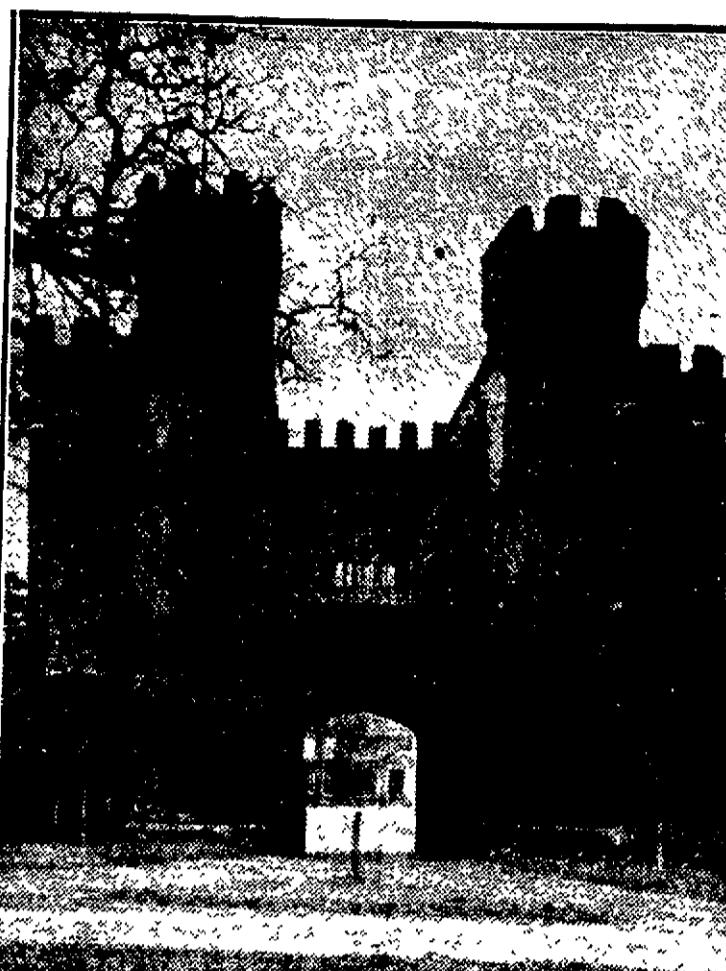

and disappeared in the distance.

The insurgent destroyer Velasco hovered in the background but returned also to cover under the mists.

The exiles from the besieged Basque capital, two thirds of them small children, boarded the liners in the early morning. The children had waited for many hours at the long piers, and were drowsy-eyed—falling asleep as soon as they boarded the ships.

Each child carried a printed card with his name and destination, held by a string around his neck. There were but few sad parts between parents and children—many of the parents had died under insurgent air attack or fighting in the trenches.

Mary, Princesses Rehearse in Abbey In Purple Gowns

London, May 6 (AP)—Queen Mother Mary and Princesses Elizabeth and Margaret Rose attended a coronation rehearsal in Westminster Abbey this afternoon.

A truck, carrying the new purple robes they will wear next Wednesday, preceded them.

Millions In Jewels

London, May 6 (AP)—Millions of dollars worth of jewels and costly gowns will be worn in the coronation social marathon just launched, and the precious stones promise to turn somber Westminster Abbey into a glittering treasure chest at the crowning of George VI next Wednesday.

Famly gems are being taken from vaults and refurbished for the program of balls, banquets, dinners and garden parties scheduled during the next two months.

The coronation social season opened in the ballroom of Buckingham Palace last night when 500 debutantes, including 14 Americans, made their bows before King George and Queen Elizabeth in the first of three royal courts.

Every woman at the Abbey ceremony—from the queen down—will wear the most precious jewels she owns; tiaras, necklaces and bracelets.

The famous Kohinoor diamond worn by Queen Mary for 25 years will flash from the queen's new platinum crown.

The Lord Chamberlain announced the name of the first woman to pass the date and the first court of George VI's reign had started.

The second court will be held tonight when women from Australia, South Africa and Canada will be presented in keeping with the king's desire that dominions take active part in the coronation season. The third court will take place July 1.

Last night's debutantes moved slowly past the thrones at the rate of about 10 every minute. Each gave her card to a court official, heard her name called and swept into a low curtsey before the king. She curtsied again to the queen and moved slowly away, keeping her face toward the royal pair.

On tonight's social program was a reception at the Danish legation in honor of Crown Prince Frederick and Crown Princess Ingrid of Denmark, marking the silver jubilee of King Christian X. The reception will be given by the Danish minister and Countess Ashleveldt-Laurvig.

Queen Mary will be the first queen mother in English history to see her son crowned king. The widowed Queen Alexandra, by contrast, did not see George V crowned in 1911 but followed court precedent by remaining in seclusion at Sandringham, where she attended private services in the state chapel with the Czarina of Russia.

The coronation debutantes received the thrill of their lives when they curtsied before the king and queen last night. For the Americans, who were presented by Mrs. Robert W. Lingham, wife of the U. S. ambassador, the brilliant ceremony climaxed several weeks of study in deportment and costume assembling.

State Tax Commission Sees Continued Gains In Business, Revenue

Unemployment and Federal, State and Local Indebtedness Held Largest Clouds on "The Otherwise Clear Skies."

RECOMMENDATIONS

Stresses Measures Designed To Make the State More Attractive for Business and Industry.

Albany, May 6 — For the third consecutive year the annual report of the State Tax Commission views with satisfaction the steady improvement in general business conditions in New York state and predicts continued gains with a resultant "material increase in revenue receipts during 1937."

Two factors, unemployment and the combined burden of Federal, state and local indebtedness, are held to be the largest clouds in "the otherwise clear and favorable skies." The report declares that relief will continue a major governmental problem for some time, one which "must be taken into consideration in the formulation of any long-range financial program." Offering no solution for the problem of debt, the commission merely comments "meeting heavy debt service charges and financing necessary new construction in such fashion as to avoid extremely burdensome taxes is a task replete with difficulties."

In a section devoted to recommendations for legislation, the commission stresses measures designed to make the state more attractive for business and industry. One proposal aims at securing the return to New York of many investment trusts which have moved elsewhere to avoid what they consider excessive taxation. Another would define more clearly just what constitutes doing business in the state, with a view to attracting corporations to maintain bank accounts and keep securities within this state. It is noted that many of the recommendations have already been accorded favorable action by the legislature on the basis of memoranda submitted by the tax commission.

The report, which was submitted to the two houses of the legislature today by Mark Graves, president of the commission, analyzes each of the four subjects which the commission considers vital and inseparably connected with any long-range consideration of taxation in this state. Also submitted is a resume of the commission's experience with the administration of the various taxing statutes and recommendations for improvement.

In its consideration of reform of local government, the commission holds that the 1936 legislature enacted the least desirable of the three bills introduced. Specifying a broad outline of recommended standards, the Commission declares that none of the five plans offered in the present law incorporates all of these and urges amendment to bring the statute into line.

Concurring with the State Aid Commission's recommendations that the field of state aid be made a subject of continued study, the Tax Commission suggests an interdepartmental committee for this purpose. While it finds great merit in the report of the State Aid Commission, the tax board declares that it wishes to withhold judgment on its recommendations until the sub-committee of the State Board of Regents, under the chairmanship of Owen D. Young, presents its report.

Reviewing the experiences of other states which have enacted such a plan, the report opposes proposals for a constitutional tax limitation on real estate. Conceding the well-intended motives of proponents, the commission nevertheless finds their efforts "misguided." Shifting to other taxable objects any further portion of the burden carried by real estate would force business and business men out of the state, it is contended. Another major objection is the fact that in many instances vital services would be crippled by such a limitation.

Submitting sections from the annual report of Thomas Hillhouse, State Comptroller in 1857, the Tax Commission shows that his fear of serious conflicts between the several taxing authorities have been substantiated by the situation as it exists today. It then proceeds to project a plan for coordinating Federal, state and local revenue systems which features a division of taxing fields, a crediting device for personal and corporate income and estate and gift taxes, and the imposition of a Federal manufacturers sales tax "if and when it is necessary."

All "Burned Up"

Medford, Mass., May 6 (AP)—Greater Boston's third collegiate riot in as many nights left Somerville firemen "burning up" today. Fire Lieutenant Thomas Dempsey, Hosemen Herbert Frizzell and Ralph Dubay reported that 600 milling Tufts students "kidnapped" them, attempted unsuccessfully to lock Dempsey in dormitory, then carried the hosemen a quarter of a mile away to the college gymnasium. While the three were gone, other students stripped 500 feet of hose from the fire truck, draped it over nearby trees and tied knots in it. Then they paraded in front of Jackson College dormitories while girl students leaned out windows and cheered.

Divine, 78 Angels Named in \$200,000 Real Estate Suit

More Money to Spend in Ulster County in 1936

Faithful Mary One of Defendants, But She's Pleased, Says She Owns Property, Hopes "Messiah" Loses.

ASKS ACCOUNTING

Woman Would Have Property Declared for Members, or Appointment of Receiver.

New York, May 6 (AP)—There was trouble again today in Father Divine's Harlem "Heaven," where "Peace, it's wonderful," is the ruling slogan.

One of Father Divine's former angels, Verlinda Brown, filed a suit in Supreme Court to take control from the negro cult leader of all property, including real estate, estimated to be worth more than \$200,000.

Verlinda Brown sets forth that she gave Father Divine more than \$4,000 in earnings and properties while she was among his followers.

The action names Father Divine a defendant, as well as 78 of his "angels." Father Divine is listed in the action under three other names: Major J. Divine, the Rev. M. J. Divine and George Baker. He is named both as an individual and as president of the Father Divine Peace movement.

The woman seeks an accounting from 1930 to 1931, when she quit the movement and asks that the courts either declare the property to be that of the members of the Father Divine Peace Movement or to appoint a receiver for the property pending an accounting.

Faithful Named Plaintiff

Concerning the legal action, Faithful Mary, named in the papers as one of the defendants, said that she hoped the "angels" would get their money back.

"I bought my place (Peace Market, High Falls) with my own money, and they can't do anything about that," she told reporters.

Father Divine is not involved in any way with Peace Market, and therefore they can't take it."

She concluded by saying she hoped he would lose the suit.

NEW BUSINESS ENDED BY U. S. SUPREME COURT

Washington, May 6 (AP)—The Supreme Court ended new business for this term today after bearing arguments on the constitutionality of payroll taxes imposed in connection with the federal old age pension system.

The justices will be occupied, until they adjourn in June, with rendering decisions in cases already argued. Outstanding among these are social security cases, covering unemployment insurance as well as the retirement pay for persons over 65.

Questions asked yesterday by Justice Stone concerning the court's jurisdiction aroused speculation as to whether some justices might vote to dismiss the old age pension case without a decision on its constitutionality.

George P. Davis of Boston had sought to enjoin the Edison Electric Illuminating Company, of which he is a stockholder, for paying the payroll tax.

Windsors to Live in Austrian Castle for Period; Check Gifts

Monte, France, May 6 (AP).—In the fear that a bomb might be disguised as a wedding gift, police maintained a close scrutiny today on packages delivered to the Duke of Windsor and Mrs. Wallis Simpson, the former monarch's associates disclosed.

Police take the parcels from the Tours post office to Mrs. Simpson at the Chateau De Cande, the betrothed couple's Touraine abode, where she gingerly inspects the senders' addresses.

If she does not recognize them, she instructs the officers to return the packages unopened.

Several parcels already have been received, Edward's associates said, and more were expected. One, apparently opened before the present precautions were taken, was said to have contained several rabbits' feet to assure luck and prosperity.

Another was reported to contain baby clothes.

Compose Wedding March.

The duke was said to have composed the tune to which he and Mrs. Wallis Simpson will march to the altar.

The duke played the march on his bagpipes last night for his bride-to-be. A member of the Chateau household said Edward had written the composition especially for his American-born fiancee. Years ago he composed a spirited military march for bagpipers which was adopted by an English Guard Regiment.

Preparations for the marriage, meanwhile, seemed virtually ready for the ceremony soon after Edward's brother, George VI, is crowned in London next Wednesday.

Royal Representatives.

The Duke and Duchess of Kent (the duchess is the former Princess Marina of Greece) and the Earl and Countess of Harewood (the countess is Edward's sister, Mary, the princess royal) may be the only representatives of Britain's royal family at the wedding, a source close to the Chateau De Cande said.

Edward's youngest brother, the Duke of Kent, probably will be best man, and Herman L. Rogers, friend and spokesman of Mrs. Simpson and her former host at Cannes, will give the bride in marriage.

Soon after the wedding the couple is expected to leave the Chateau. Redecoration of their prospective honeymoon retreat in southern Austria, Wassenberg Castle, will be completed about June 1. Edward rented the Austrian castle for \$400 a month.

Week May Elapse.

Perhaps a week will elapse between the coronation and Edward's marriage, in line with the duke's plan to detract as little attention as possible from the London celebration.

Plans for after the honeymoon, it was said authoritatively, were still uncertain. One project understood to be under consideration would take the duke and duchess on a good will tour of African and other British colonies.

Within the past four weeks, Edward bought and studied maps of Africa. It was understood he offered his services to King George after his farewell radio address in last December's abdication.

May Be "Elder Statesman."

Providing the government approved, Edward might become an "elder statesman." His career as the empire's "traveling salesman" while he was Prince of Wales qualified him to become again a good will ambassador.

Mrs. Simpson's wedding gown, the creation of a Paris fashion house, is nearly ready. Mrs. Rogers announced she had ordered new clothes and that the order "includes the dress she will wear at her wedding."

Fitments of the bridal costume were being made at the Chateau, but no other details were disclosed.

Apparently, the former British monarch had in a manner won his first argument with the future duchess—if an argument it was—for it was learned last night she had consented to an Austrian honeymoon of several months' duration in the Wassenberg Castle, amid the Alpine lakes of southern Austria.

Previously the couple had been described as discussing the comparative merits of a future home in Austria or America, with the former Baltimore debutante insisting on the land of her birth.

While deferring for the present her wishes on their future home, Mrs. Simpson was described as still holding out for a home in the United States or, as second choice, Canada.

Mother Of 1937

Mrs. Carl R. Gray, "The American Mother of 1937," is shown in her New York hotel room while awaiting her part in the Golden Rule Foundation's celebration of Mother's Day. She was to make a coast-to-coast broadcast, with an introduction by Mrs. James Roosevelt, mother of the President.

veins is the blood of the Vandemarshes, Wentworths, Davises, etc., so she wants to join in celebrating these ancestors of hers.

Mrs. Carl Eric Lindlin has this week placed on sale at the Jack Horner Shop, at the Little Art Shop and at Carey's packages of the "sesqui" correspondence stationery.

These are made up in attractive units of 24 sheets and envelopes of excellent paper, printed in the special Catskill type designed by Frederic Goudy. The circular seal, designed by Clarence Bolton, bearing the Dutch Reformed church, serves as decoration. The printing was done by Frederic Hunt.

The American Legion has decided it knows how to shoot, so it has volunteered to fire off the blank cartridges at appropriate moments.

Two blacksmiths are better than one. The committee asked for one and got two.

The shingle and hoop makers will exhibit their skill twice, once at Shady and again at Woodstock.

Mrs. Charles Rosen and Mrs. Walter Seaton have joined the costume workers, a great addition, for they both have a "fell for clothes."

The committee for Children's Day, June 4, has got the promise of May poles and other equipment from Kingston.

The grounds committee, Miss Dyke, Mr. Todd, Mr. Cook, and Town Supervisor Cashdollar, have inspected fields in every corner of the town. They have about settled on a portion of Miss Alice Wardwell's land. "Do anything you like to it," says Miss Wardwell, handsomely. "If we need trees 30 feet high, we'll have them put in," Albert Cashdollar said.

Miss Dyke wants two or three men with cars to volunteer to fetch people for rehearsals, etc. The committee will pay for the gas, if necessary.

The list of "friends" for the program-booklet grows apace, so the strained look on the treasurer's face is lifting.

State Historian Alexander C. Flick is to be invited.

Frederick Johnston of Kingston is busy collecting early American paintings to be shown in the Sawkill Gallery Sesqui week.

Mr. Zimm promises a chronological series of quilts and an authentic exhibition of early glass to be shown in the Woodstock gallery. Mr. Zimm's committee, Mrs. Emma Goodrich, Mrs. Eugenia Vosburgh, Mrs. Jessie Cooper, Mrs. Roland Shultz, Mrs. Lilian Downer, is busy collecting.

Mrs. A. Nixon is to sing a lullaby in Dutch, the real thing. She learned to talk Dutch in her home in Holland.

For the next four weeks the Sunday chicken will contribute feathers for the "Down Rent Way" pageant, June 2, at Shady. There'll be real stars and real feathers for whoever plays sheriff and spy. That's as they did it in 1840 when the farmers broke down the old three "lives" lease system.

ZENA

Zena, May 6.—The Zena Country Club will hold its regular meeting at the clubhouse on Friday evening.

Miss Madeline Briggs and brother, Byron, spent the weekend at her cottage here.

Mr. and Mrs. Clifford Carnright and Miss Florence Hill motored to Gloversville to visit Miss Hill's parents on Sunday.

Miss Edith Baldinger and Addison Short visited Miss Baldinger's brother in Long Island City on Sunday.

John Varney and a friend, of New York, motored up to Mr. Varney's cottage here on Sunday.

Albert Holzmueller with Mr. and Mrs. Clinton Carle, their son, Joseph, and daughter, Ruth, of Kingston, visited friends in Brooklyn on Sunday.

Mr. and Mrs. Harry Tinken of Staten Island spent the weekend at their summer home here.

Louis Hibyan received the sad news of the death of his sister in California recently.

Miss Anne Reinbold and Mrs. Marie Runnow motored up to spend the weekend at Tichenor's farm on Chestnut Hill. Messrs. Frank Tichenor and Walter Richards and Mrs. Baylor and son joined them on Sunday.

The annual school meeting was held at the schoolhouse on Tuesday evening. Lewis Long was re-elected trustee. Walter France, tax collector, Mrs. Edward Hung, clerk.

The school children observed Arbor Day on Tuesday. They cleaned the grounds, fixed the rock gardens and planted two maple trees.

Streetcar Strike Averted in London

London, May 6 (AP)—Immediate danger that London's 10,000 street car workers would join the strike of the city's 25,000 busmen appeared to have passed over.

Leaders of the street car employees, who had said yesterday they would walk out despite union orders to the contrary, decided at a conference last night to remain on the job.

It was reported Ernest Bevin, spokesman for the Transport Union, promised them early settlement of the busmen's strike, which has jammed London's subways and street cars and left an overflow to find other means of transportation.

Bevin was said to have declared that tempestuous action by the street car men might injure the busmen's chances of winning their fight for a half-hour reduction in their present eight-hour working day.

The street car employees' decision to remain at work followed Prime Minister Stanley Baldwin's plea for industrial quiet in an address to the House of Commons.

He urged an end to the bus walk-out, with coronation visitors beginning to reach the city, and asked

TAKE WEIGHT OFF TIRED FEET

LOSE FAT THE EASY WAY—Without Starvation Diets or Back-Breaking, Bending and Kelling Exercises.

If your feet and ankles feel tired and ache all over—because you are carrying too much fat—try the dieting exercises above. The treatment that has helped millions to reduce excess weight.

There's a reason why so many people find dieting slow and tiresome futile. It's because the reason doctors give is often because a little gland is not working right. All the blood in your body goes through this tiny gland sixteen times every day. If it doesn't pour into the blood stream about one-half of its volume every hour for 24 hours, many people take an ugly fat. This fluid helps nature to "burn up" excess food and fatty tissue in much the same way as a small "draft" does in a furnace.

No physician can help this condition by feeding this gland the substance it lacks and millions of pounds of excess fat has been wiped out in this way.

Welsh and English coal miners not to stage the strike—they have called for May 21.

Apparently in response to his plea, negotiations to avert the coal strike opened unexpectedly in London today, when the executive of the Mine Workers' Federation, or union, accepted an invitation to confer with the secretary of mines, Capt. H. F. C. Crookshank.

Before they struck, the bus drivers got \$20 a week for maintaining an average of 10 miles an hour through the crowded business districts, with stops every few hundred yards. The conductors received \$17.50 weekly for making change and punching tickets on an average of every three seconds during rush hours.

**Palm Faces Death
In Electric Chair**

New Haven, Conn., May 6 (AP)—John A. Palm faced death in Connecticut's electric chair today—convicted of the charge he called "a bum rap," the first degree murder of Deputy Sheriff Peter Kaminski.

The three Superior Court judges who heard his trial convicted the 26-year-old ex-convict from Mount Vernon, N. Y., late yesterday after deliberating a little over an hour.

Judge Edward J. Quinlan immediately pronounced the mandatory death sentence and ordered it be carried out the week of September 27.

With his final utterance in court, Palm maintained he was not guilty of the crime. Given the privilege to speak by Judge Quinlan before sentence was passed, the condemned man said quietly:

"Well, all I have to say, Your Honor, is that I am innocent of this crime."

Palm had protested his innocence from the witness stand during his trial and at the time of his preliminary arraignment was heard remarking to a friend that the charge was "a bum rap."

Standing out prominently in the mass of evidence was the testimony of two women who were with the Beacon Falls deputy when a hold-up man shot and killed him early on the morning of October 3 last.

Both Miss Neta L. Shaw and Mrs. Lillian DelGrego, a recent divorcee, declared they were positive Palm was the gun-man. Another man who was in the parked automobile with the trio at Gulf Beach, Milford, said Palm's voice resembled the killer's but he could not make positive identification.

Miss Ruth Elaine Schumann, Palm's 17-year-old girl friend and now a state farm inmate, was the chief defense witness. She said she was with Palm when the shooting occurred and that they did not go near

Gulf Beach that night. Palm's mother, Mrs. Katherine Gove, supported her story.

Palm was arrested early this year as he walked out of his mother's candy shop in Mount Vernon where they moved from Milford last December. He first was charged with armed robbery and later indicted on the murder charge.

Only one man, Joseph McElroy of New Haven, who was executed last February, has died thus far in the electric chair which replaced Connecticut's old-fashioned hanging machine two years ago.

Frank Palka of Buffalo, N. Y., is under sentence to die late this month for the murder of a Bridgeport policeman, but his counsel, considering an appeal to the United States Supreme Court, are expected to ask Gov. Wilbur L. Cross for another reprieve.

**Miss Story Boosts
4-H Food Contest**

Miss Nebal Story, of Ulster Park, who was last year's county champion in the National 4-H Food Preparation Contest, plans to try for state honors this year, as she will be unable to again compete for the county medal. She is boosting the contest among 4-H girls as she thinks it a fine and valuable experience. It permits them to take part in any improved food project such as selection of healthful and economical menus, meal preparation and serving, table decorations for various occasions and so on. Work in demonstrations and judging contests, and exhibits also count in favor of contestants.

The contest is conducted by club leaders and provides besides county medals an all-expense trip for state champions to the National 4-H Club Congress in Chicago in December. They will compete for three cash college scholarships of \$400, \$300 and \$200 provided with all other prizes by the makers of the Servel-Electrolux Kerosene operated refrigerator.

The Koop Feature Syndicate,

Greensboro, N. C.

Success comes in doing difficult things that others cannot do.

The local woman hater says you can't make him believe that kissing has improved any by painting the lips.

We spend one-third of our time in bed and about two-thirds in bad.

Customer—Have you any good pork?

Meat Cutter—Good pork! Say, I've got some pork that will make better chicken salad than any lamb you can buy.

The longer you've had what you have, the less thankful you are that you have it.

Man—Say, my wife wants to know what you do at the bank.

Bank Clerk—Teller.

There is small choice. If you are lively, you are an old cake-eater; and if you are quiet, you are an old kill-joy. So what is one to do?

Diner—Waiter! Waiter! There is a button in my soup.

Waiter (ex-printer)—Typographical error, sir; it should be mutton.

Yes, lots of them!

"Girls have the right to dress as they please."

A maiden remarked with vigor.

"But some of them lack the nerve," I said.

"And some of them lack the figure."

If two red lips were turned up to your own with no one to gossip about it, would you pray for endurance to let them alone. You're a liar!

First Man:

Whatever trouble Adam had, No man in days of yore could say when Adam cracked a joke. "I've heard that one before."

Many a tired business man gets that way running down the bills his wife runs up.

Wife—John, you had better keep your eyes open when you go to New York.

Husband—Why?

Wife—People would think you were a bit off if you went around with them.

Just About Right

There isn't much to life but this: A baby's smile, a woman's kiss, A book, a pipe, a fire, a friend, And just a little cash to spend.

It is the rule rather than the exception, you probably have noticed, that those who have the least to talk about intelligently do most of the talking and talk the loudest. This is just one of the things that should be corrected and never will be.

Something else the schools might teach is the casual courtesy to strangers which does so much to make life pleasant in small things as we go along.

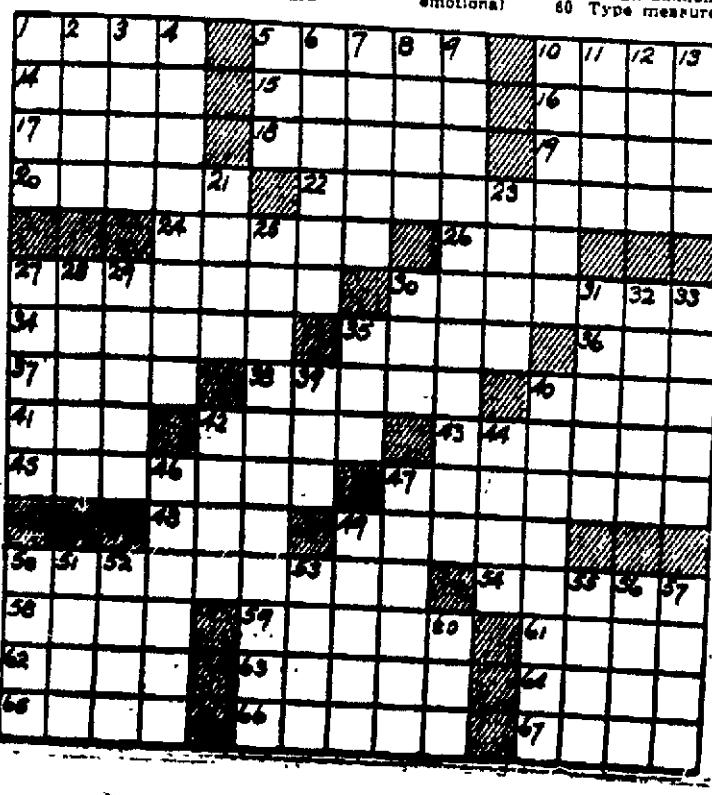

Before condemning others too severely, we might pause and ponder what we would have done in their place.

If you love me, tell me so. The realm of silence is large enough beyond the grave.

Broadway: "Romeo and Juliet." The most tragic love story in the English language makes its belated appearance on the Broadway screen and it comes with the approval of the world critics that here is motion picture art at its finest. For this production, despite its expensive and brilliant cast, is screened with an artistry seldom found in Hollywood productions and the magic of Shakespeare's verse is lyric in quality and pleasant to hear. This story of two ill-fated people, a boy and a girl torn apart because their two houses are warring against the other, is one of the great love stories of the world, and Norma Shearer contributes a Juliet of unusual charm, sincerity and a haunting frailty hard to describe. Leslie Howard is excellent as Romeo but one of the standout performances is the work of John Barrymore. Others in the gigantic cast are Edna May Oliver, Basil Rathbone, Andy Devine, Ralph Forbes, Conway Tearle and Reginald Denny. A four-star triumph from the M-G-M studios.

Kingston: "Man of Affairs" and "The Crime Nobody Saw." George Arliss plays a dual role in the best of the features at the Kingston and this English-made picture is charming as it tells of a man who goes around doing good under an alias. Mr. Arliss is supported by a British cast. "The Crime Nobody Saw" is a whirlwind murder mystery with Lew Ayres and Ruth Coleman co-starring. It is exciting and mysterious.

Orpheum: "When You're in Love." Grace Moore sings her way to new laurels in this musical picture whose locale is the tropics and whose story concerns a great opera star obsessed with passport troubles. It is gay, stirring entertainment with a cast which includes Bary Grant.

Tomorrow

Broadway: Same. Kingston: "Hills of Old Wyoming" and "Midnight Taxi." An Indian war blazes into action in the gun-toting thriller at the Kingston.

A Hopalong Cassidy tale from the pen of Clarence E. Mulford. It is exciting, courageous, desperately thrilling from first to last and William Boyd plays Hopalong with gusto and virility. Others in the cast are George Hayes, Gall Sheridan and Russell Hayden. A Paramount Picture directed by Harry Sherman. "Midnight Taxi" is the associate feature with Brian Donvony and Frances Drake co-featured in a rapid action tale of grim goings-on in big city after midnight.

Orpheum: "We Who Are About to Die" and "Get Along Doggie." Written by a convict in a California prison who was actually awaiting death for a murder he was later freed from, the opening attraction at the Orpheum, is the story of the man in the death row, how they feel, what they think about and how they live in the never ending hope of pardon. The plot also tells how the guilty man is proven innocent, and Preston Foster and Ann Dvorak are excellent in the main roles. "Get Along Doggie" is the other feature, a western, with the singing Gene Autry.

Tsao Tsao, Chinese War Chieftain, Had 72 Graves

Chinese history records a war lord of some time ago who had no less than seventy-two graves and tombs. It has never been determined just which one of these many graves contains the body of the deceased person.

This chieftain known as Tsao Tsao was in his day one of the most powerful of all the provincial war lords, and also a government official of note during the Three Empire days. It was this same Tsao Tsao who had paved the way for his son to dethrone the Han emperor and to establish a new dynasty known as the Wei dynasty with the son at the helm.

When Tsao Tsao died he was afraid that his son might fail to carry out his plans and that the body might be given the supreme penalty of dismemberment. Consequently he ordered that seventy-two graves be dug and that seventy-two tombs be placed over them at the time of his death. Only his closest relatives were to know just where the body would be buried. Many Chinese even to this day have heard legends concerning Tsao Tsao, and they have wondered often if there was a seventy-third grave and tomb.

FLASHES OF LIFE SKETCHED IN BRIEF

By ASSOCIATED PRESS

The Shadow of Death.

New York—Peter Vlachas, 20, and Eudocio Vargas, 23, announced in a saloon they hated each other. One drew a revolver and shot the other through the chest; the wounded man grabbed the gun as he fell and shot the other in the abdomen. Then, as the barroom cleared of scared customers, the two seriously wounded men linked arms and assisted each other into a taxi, which took them to a hospital.

The Boss Was "In."

Hutchinson, Kan.—The telephone rang in the superintendent's office at the state reformatory.

"I'm locked in," said the caller. "And why not?" he was asked.

The answer made several faces red. A guard dropped the bars on the print shop door without noticing the new superintendent, C. A. Bestwick, was inside on an inspection tour.

Swish, Swat.

Durant, Okla.—Grocer Ben Pinson decided just for old times sake to try to sell buggy whips. To his surprise, he sold two dozen in two days.

Three were bought to serve as fishing poles. An irate parent stalked out with one, vowing she didn't intend to spare it.

Painful Rest.

Oelwein, Iowa—Herman Smith, farm laborer, held a fence post while another man drove it into the ground with a sledge.

Smith though his fellow worker had finished the job, and placed his left hand on top of the post to rest. The sledge came down, crushing two of Smith's fingers.

Nature's Prank.

Arnold, Neb.—A dust storm covered up a fence on the G. C. Gilbert farm in 1934. Rather than dig it out, Gilbert built a new one.

Recently a wind storm uncovered the old fence, and now Gilbert has a field surrounded by two, only a few apart.

Old Veins Are Reworked by Colorado Gold Town

Cripple Creek, Colo.—One of the biggest boom periods in the history of this gold camp is predicted by prospectors and mine operators.

The reason is the expected development of a source long overlooked—the hanging wall veins of the Cripple Creek mines.

In the hectic boom days mining men who flocked to the town were looking for gold-studded veins.

They cleaned the tunnels of the choice ore and abandoned the shafts to drill new holes in productive mountains.

Vincent Ryan, a newcomer to the region last year, discovered that much gold remained in the hanging wall veins and recently opened an eight-foot vein of ore. Other prospectors have taken up the search and redevelopment of all the old claims may start a revival.

CATHOLIC CHARITIES**FUND NEARS GOAL**

An increase of \$69,800, including an additional \$10,000 from one of the larger charitable foundations, was reported for the past week's solicitation of special gifts for the 1937 Catholic Charities appeal by John A. Coleman, active chairman of the Special Gifts Committee, at a report meeting yesterday in the Empire State Club.

A total of more than \$219,000 as of noon yesterday was reported for the two weeks' solicitation of the Special Gifts Committee.

Early returns from the opening canvass in the 371 parishes of the archdiocese, it was announced, indicate that the response to the Cardinal's appeal for funds will be considerably over the million dollar mark this year as well ahead of last year's figures.

It was announced by Alfred E. Smith, honorary chairman of the Special Gifts Committee, that the solicitation of professional, trade and industrial groups and charitable and philanthropic foundations would continue without interruption until the goal set for the Special Gifts Committee has been reached.

PUBLIC WORKS ADMINISTRATION HOUSING DIVISION BUYS WESTINGHOUSE REFRIGERATORS TO MEET RIGID ECONOMY REQUIREMENTS IN LOW-RENT HOUSING

To provide modern, safe food-keeping facilities at lowest cost in 34 low-rent housing projects in 26 cities, the Housing Division of the U. S. Public Works Administration late in 1936 called for sealed bids from leading refrigerator manufacturers. Bids were based on initial price added to cost of electricity for ten years. Westinghouse won... though four other manufacturers quoted lower unit prices. Low current consumption made possible by Westinghouse features, convinced Government buyers that on a 10-year basis it costs less to own a Westinghouse.

FHA Home Opens Tonight at 7 p. m., Mayor Will Speak

This evening at 7 o'clock, the model Federal Housing Administration home at 33 Wilson avenue, under construction since December will be opened to the public by F. H. Vogt of 26 Park St., supervisor of construction, at a ceremony presided over by Mayor Conrad J. Heiselman. Mayor Heiselman will address those in attendance at the opening on homes and their significance. The public is cordially invited to attend and examine every room in the house.

Mr. Vogt today said the model house is one of 15 new ones built in the Roosevelt Park section of the city, and that all conveniences, sewer, water, gas and electricity are available. The houses, according to the building code, are built 45 feet from the curb and present a uniform appearance.

The model F. H. A. home is built of brick veneer and Alata white cement. Thiel & Ottis were the masons. Charles Dunne was the plumber and installed the heating system, including a Timken oil burner furnished by the Kingston Oil Co.

The Schryver Lumber Co. furnished all of the wood, including the silent window frames without sash cord and sash weights.

In the fireplace there is a heat-o-lator which burns coal or wood. The hearth is of tile. The bathroom too is tile arranged in harmonizing colors.

The kitchen is ultra modern, says Vogt, with its gas range, double drain board cabinet sink and refrigerator.

Floors throughout the house are of hard wood.

Frank Sasse did the electrical work and the M. H. Herzog concern furnished the hardware which is of brass or chromium. The King landscaping service took charge of decorations outside the home, building a driveway to the garage which adjoins the house.

Sunday the model home will be open from 2 to 9 p. m.

WENDEL'S "CONFESSIONS" READ INTO TRIAL TODAY.

Newark, N. J., May 6 (AP)—The lengthy texts of Paul H. Wendel's four repudiated confessions of guilt in the Lindbergh kidnaping were read into the record today at the conspiracy trial of Chief of Burlington County Detectives Ellis H. Parker and his son, Ellis, Jr.

It was by these confessions that Parker, the government charges,

sought to prevent the execution of Bruno Hauptmann for the kidnaping and enhance his own reputation as the detective who finally "solved" the celebrated crime.

As soon as the reading of the "confessions" ended, defense lawyers were ready to open fire on the dramatic story. Wendel has told the last two days on direct examination.

Would Consolidate Groups.

Washington, May 6 (AP)—Senator (D.-Va.) laid before the Senate today a proposal to consolidate three federal home loan organizations, declaring the merger would save \$24,500,000 a year. Byrd, chairman of a Senate committee on government reorganization, said other suggestions for substantial savings "are sure to follow." If this recommendation is given a hearing, his measure would combine the Home Loan Bank Board, the Home Owner's Loan Corporation and the Federal Housing administration into a single unit, called the Federal Home Credit Administration. The new agency also would supervise the RFC Mortgage Corporation.

Young Long A Politician.

Baton Rouge, La., May 6 (AP)—Eighteen-year-old Russell Long who learned his politics from a master, his father, the late Senator Huey P. A sophomore, Young Long led a party of "Independents" which put its candidates into all major student body offices yesterday. Among them was Rose Long, Russell's 20-year-old sister, who won the coed student body vice-presidency from Miss Katherine Cross of Baton Rouge.

Face Steel Strikes.

Pittsburgh, May 6 (AP)—Independent steel producers who refused to recognize the steel workers organizing committee, faced today a blunt threat of strikes in their plants and coal mines. Phillip Murray, Lieutenant of John L. KINGSTON MAN HONORED BY ARMY CHAPLAINS

An article appearing in the magazine, "The Army Chaplain", pays tribute to the fine work that has been accomplished in the Corps of Chaplains of the Army by Augustus S. Goodyear, formerly of Kingston.

Mr. Goodyear is administrative assistant to the Chief of Chaplains Lieut. Col. Adjutant General's Department Reserve, and member of the Bar of the District of Columbia.

Alva J. Brasted, chief of chaplains, has only the highest praise for the work of the Kingston man, stating that his service in the office of the Chief of Service has been invaluable.

BABSON'S 1937 PREDICTION CALLS FOR 7 PER CENT GAIN

Indianapolis, May 6 (AP)—Arthur C. Babson, member of the Babson statistical organization of Babson

Mass., predicted here today the nation's 1937 business would be at least seven per cent better than that of 1936, "the best year in point of business volume since 1929."

He told approximately 500 Indiana bankers that business activity was back at 1923-27 levels, but had not reached the 1929 levels.

EPWORTH LEAGUE SPONSORS ENTERTAINMENT AT SHADY

The combined Epworth League societies of Shady, Willow, Wittenberg and Woodstock will sponsor an entertainment at the Shady Church Hall on Friday evening, May 14, at 8 o'clock.

The program will include a cobweb social and table games. Refreshments will be served and the public is invited.

Boycott Requested.

Hollywood, May 6 (AP)—Striking motion picture craftsmen appealed today for a nation-wide boycott and picketing of movie theaters after rejecting a peace proposal that omitted mention of the closed shop and union recognition. Producers accepted unequivocally the terms of the peace plan, submitted by the Los Angeles Central Labor Council, American Federation of Labor group with which the striking craftsmen are affiliated.

Players' Guild Meeting.

There will be an important meeting of the Kingston Players' Guild at the Municipal Auditorium this evening at 8 o'clock.

Oklahoma Women Get Lover's Church

Oklahoma City, May 6 (AP)—The women asked for and are going to get a "Lovers' Church". Its founder's fondest hope is that plenty of men show up for services—and linger afterward.

The church, Dr. W. A. McKeever, psychologist and retired college professor, explained, will consist of a brief service preceding the social feature. The first meeting will be held Sunday.

"Many young women have asked me to do something to bring them in contact with nice young men", said Dr. McKeever, widely known for his school of matures, an organization of persons over 70 supplied with a meeting place for recreation and reminiscing.

"The idea of the lovers' church is not necessarily for marriages and match-making but to expand the lives of its members. If the results incidentally lead to marriage, that's fine."

THIRD COLUMN Charged.

Paris, May 6 (AP)—The Spanish embassy charged today that the revolt in Barcelona was the work of an insurgent "fifth column." Monarchist flags, the embassy stated, appeared on balconies in the city when the "insurgents" thought they had won. However, the embassy insisted the revolt was crushed.

Would Speed Up Land Claim Cases

Commissioners Shufeldt, Brooks and Garrison, who have been hearing claims for damages for land taken in the rebuilding of Route 9-W near Highland, held a short session at the court house this morning, when the question of speeding up the hearings was discussed.

A calendar was finally adopted and it was decided that every attempt should be made to hear the various claims as soon as possible, so that those whose land is to be taken could know just what settlement was to be made and what they would be able to do.

May 19 at 9:30 a. m. was set as the date for the next hearing, with another on May 27 and a hearing on June 2.

Valencia Officials Control Rebellion

Valencia, Spain, May 6 (AP)—Rebels—Catalonia's army and police—came under direct control of the Valencia Government today in a move to re-unite all of Republican Spain against the Fascist insurgents.

The decision of the Valencia administration—the highest authority in the government-held portions of Spain—to intervene in hitherto-autonomous Catalonia was followed by an official announcement that anarchist rebels against the Catalan regime had been brought under control of Barcelona.

(Travelers reaching Perpignan, on the Franco-Spanish border, reported on the other hand, that anarchist bands in armored cars were roaming the streets of Barcelona, the Catalan capital and Spain's largest city.)

The Valencia administration removed Gen. Jose Roldan from command of Catalonia's army, which has been battling Gen. Francisco Franco's insurgents in northeastern Spain.

The Catalan force was declared part of the regular Republican army under the command of Gen. Sebastian Pozas, leader of the government troops on the Guadalajara front to the northwest of Madrid.

Valencia chose Col. Antonio Escobar to head the Catalan police.

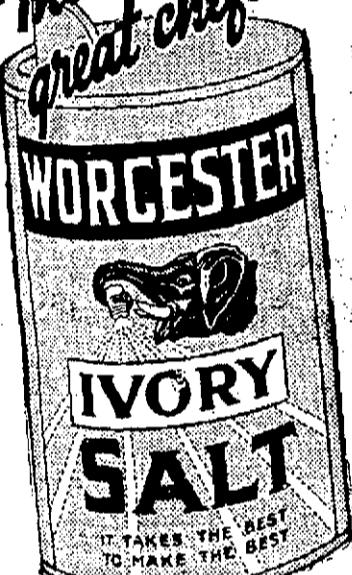

Although President Luis Companys of Catalonia was reported to have recalled some troops from the war front to suppress the anarchist outbreak, Valencia officials declared the government had not suffered.

St. Louis Negotiations.

St. Louis, May 6 (AP)—Negotiations for settlement of a sit-down strike of 3,700 General Motors Corporation employees here continued today after Phil Baugh, Chevrolet motor plant manager, and an United Automobile Workers' committee failed to reach an agreement in a prolonged conference last night.

Two hundred and fifty workers remained in the Chevrolet plant today. Union officials said they would not leave until a settlement had been obtained.

New Paltz News**Recent Activities At Normal School**

New Paltz, May 6.—A kindergarten-primary May festival will be held in an effort to create a bond of understanding among the supervisors and practice teachers of this department on Thursday, May 6, with Miss Ruth Mack Havens in charge. Each person attending will bring a box lunch and dessert and punch will be served. And an enjoyable surprise is also promised. Members of the former Kindergarten-Primary Club which until the time of its disbandment last year was a flourishing society are interested in keeping the spirit of the organization alive. Thus twice a year at the candlelight service in December and the festival in May all those interested in kindergarten and primary work gather for a beneficial and enjoyable time.

The Inter-Sorority-Fraternity organizations united in giving a show, "The Normal Revue", in the auditorium Friday evening in place of the Inter Sorority play which has been postponed. Edwin Braem was master of ceremonies. The Delphic Trio entertained and music was furnished by the Inter Sorority Fraternity Council. Anne Scoum, Dolly Russet and Edna Kempfelli furnished the sobs; a trio composed of Edward Fitzpatrick, David Byrne and Leander Smith rendered a few selections. Peggy Burns and Claire Israel each tap danced. Joseph McCaffrey and

Charles Dietz presented a burlesque and Patricia Hart and Anne Knetsch were in a dance routine. Florence Kelhan did a monologue. A group of the Clionian girls sang spiritual songs; the Seward Symphony entertained by making music on made-over wash boards, etc.; a skit was also presented; a Clionian quartet composed of Mary Yost, Mary O'Connor, Jane Hynard and Georgiana Reinisch sang; Arethusa Sorority presented a dance routine. A finale in which the entire company participated brought the program to a close.

Helen Tilly, class of '35 and a Kodon Ya member, is teaching the first four grades in the Holtsville, Long Island, Sanatorium.

Adalyn Hopkins and Grace Downing met several of the Arethusa Sorority friends at the Eastern State Conference.

Arts and Crafts accompanied by the Misses Edith Holt, Esther Bensley, Ruth Bennett and Elizabeth Losel visited the studio of James Scott at Milton Monday afternoon.

Lorne-Branner
New Paltz, May 6—Marjorie Branher, daughter of Dr. and Mrs. William S. Branher, of Main street, New Paltz, and Irving Lorne, son of Mrs. Alfred E. Lorne, of South Haven, Michigan, were married on Thursday, April 26. The ceremony was performed at Pleasant Valley, Dutchess county, by Justice of the Peace Thomas Drake. Mr. and Mrs. Walter Lewis, of South Haven, Mich., attended the couple. Others attending the ceremony were: Mr. and Mrs. Herman Soloway, of Poughkeepsie. Mr. and Mrs. Lorne are making their

home at King's Court Hotel, Poughkeepsie, at present and during the summer will visit in South Haven, Mich.

Village Note:
Howard Grimm was a caller in Modena on Friday.

Robert Clearwater, of Poughkeepsie, Mr. and Mrs. Asa Clearwater, of High Falls, and Jacob Clearwater called on Mrs. Mary E. Kniffen on

Sunday. Mrs. Kniffen's granddaughter and three children, of Carmel, spent the day with her also.

Mr. and Mrs. Oscar Sutherland entertained at a party recently.

The fire department was called out Tuesday afternoon to extinguish a grass fire in the field by Josiah P. LeFevre's house.

FINANCIAL AND COMMERCIAL

CLAUDE R. JUGGENHOFER

New York, May 6 (CP)—Stocks sidled toward the rear in today's market.

In another of the slowest sessions of the year or longer, many leading issues gave up fractions to a point or so. Although there was a slight stiffening in the price trend near the final hour, few stocks were able to climb out of the rut.

Transfers were at the rate of about 650,000 shares.

Inclined to drift lower during the greater part of the proceedings were U. S. Steel, Republic, General Motors, Chrysler, Yellow Truck, American Telephone, Western Union, Consolidated Edison, North American, Public Service of N. J., Anaconda, Kennecott, Cerro de Pasco, American Smelting, Santa Fe, N. Y. Central, Southern Railway, Chesapeake & Ohio, Northern Pacific, U. S. Rubber, Montgomery Ward, Sears Roebuck, Standard Oil of N. J., Phillips Petroleum, Howe Sound, National Supply, Crown Zellerbach and American Rolling Mill.

Celanese got up more than a point to a new year's top on reports of heavy rayon buying. Less apprehension over the Hollywood labor controversy gave Loews a lift. Chicago bright earnings prognostications were made for the company.

ADVICE TO WOMEN

If your day begins with backache, headache or periodic pains, with nervousness, irritability and discomforts associated with functional disturbances, you need the tonic effect of Dr. Pierce's favorite Prescription. Read this: "I felt weak following childbirth," said Mrs. Mary Jones of 59 North St., Geneva, N. Y. "I had known of the medicine and was always prescribed a tonic and was never too tired to try it. It helped me right away. I could eat more and sleep better. I could get up at that tired, weak feeling and feel fine in every way."

Sally's Costume "Adequate"

Elmira, N. Y., May 6 (AP)—Sally Rand's costume was stamped as "adequate" by Elmira police censors last night, and the fan dancer was allowed to go through with a show which had aroused protests from local clergy.

Similar projects are under way near Glendale, Chandler and Florence, except that the latter—unlike the "part-time farms"—is a 3,400-acre enterprise which will keep the heads of 60 families busy the year round. They will get prevailing wages plus a share of the profits, if any.

If they fail, the costly, carefully planned project must be abandoned and something else tried.

Star Kegler With Fishers Against Jones Dairy Team

Tagging Major League Bases

(By The Associated Press)

Even the most veteran viewer-with-alarm couldn't find a thing to worry about today for those New York Yankees.

Barring the vague possibility of a couple of broken legs or a club-wide sit-down strike, there wasn't a dark cloud within shouting distance.

On top of the return of their hitting power and the unusual skill of their supposedly question-mark pitching staff, the world champions were as full of cheer as a Christmas punch bowl over the overnight signing of Charley the Red Ruffing, their No. 1 hurler of 1936.

Last year, the Yanks showed signs of lagging no wane then, when they were tangling with tail-enders. But each time they came up against threatening rivals, they went to work like a gang of longshoremen.

They haven't changed a bit. They started their first western invasion three days ago in second place, a game back of the Tigers. Given the nut, they love best to crack, they walloped the Detroit twice in a row, turning in a 7-3 win yesterday, with George Selkirk socking two homers and Monte Pearson posting an eight-hitter.

That dropped the Tigers into second place and pulled the swat squad to the top by a full game.

Although pitchers generally came a dime-a-dozen on yesterday's big-league program, the great Dizzy Dean and Cy Blanton, along with Pearson, were notable exceptions. Dizzy had little trouble with the Bees, and aided by five Gas House Gang homers, turned in his fourth straight victory, a 13-1 win over the Boston Bees.

Blanton, top flinger of the Pittsburgh Pirates' crack staff, fanned eight and allowed but five hits in pitching the Bucs to a 5-1 win over the Brooklyn Dodgers, their fourth straight to keep the Pittsburghers a game and a half in front in the National League.

The New York Giants' pitching, in the person of Fat Freddy Fitzsimmons and his knuckleball, was given a thorough going-over by Cincinnati's aroused Reds. With Alex Kampouris clubbing two of four Red homers, the Roughhouse Reds won their second victory of the season, 8-5, over the National League champions. Also in a homer-hammering mood were the Cubs, who belted the Phillies 17-4, to stretch their streak to five straight.

Outside of the Yanks-Tigers to-do, the only other American League game was in Chicago, where the Athletics staged a six-run rally in the eighth to top the White Sox 7-6. The Red Sox-St. Louis Browns and Washington-Cleveland Indians thills were rained out.

A capacity crowd is expected to see the return match. Jones Dairy is the only team to beat the Tarrytown crew in 33 matches during the season just completed.

Home Stretch for Women Bowlers

Rochester, N. Y., May 6 (AP)—The 1937 International Women's Bowling Congress went into the home stretch today with 16 teams representing the cream of the home town bowlers hitting the slides.

With the tournament winding up Tuesday, tonight is the next to last chance that Rochester will have to break into the leader list. The schedule also lists singles and doubles by New York, Corning, N. Y., Jamestown, N. Y., and Buffalo keggers.

Miss Ann Gottstine, of Buffalo, provided the sensation of yesterday's rolling when she knocked off first place in the singles division with 647.

Miss Gottstine, a member of the New York State championship doubles team, rolled games of 204, 233 and 210 to take the lead. Her series showed only one miss and three splits.

Yesterday's teams were paged by the New York City Five representing the late Joe Thumb. The White Elephants hung up 2,432 maples to reach the first 25. Their games were \$24, 814 and 794. A. Healey's 532 was the best solo effort.

In doubles, the Buffalo Tandem, of L. Barber and M. Rose, smacked down 1,064 sticks, rolling 534 and 550 respectively.

May Shooters Break Even at Gun Club

At the Ulster County Gun Club skeet field Wednesday afternoon the teams chosen for May and captained by Roy Sullif and Frank Zelle, ran off the first leg of the monthly argument—who pays for the turkey? One member of each team failed to complete his string but the totals for the first week as they now stand are deadlocked—209 out of 275 targets. Some good and some erratic scores were registered. Nick Bruck of the Zelle's broke his second perfect string of 25, duplicating last week's score of 48 out of 50. Toward evening a brisk breeze gave some of the late shooters trouble.

There is keen competition for the life-membership prize to the club member who shows the greatest increase in average over last month. Several members made substantial gains in yesterday's shooting.

If present plans materialize, it will be but a short time before the automatic trap-releases are installed. It is expected that this new device will make the game a bit tougher but more interesting.
